Online antigypsyism and hate speech are not marginal

TAAO
TOGETHER AGAINST ANTIGYPSYISM ONLINE

It is systemic, visual and ignored.

SCALE

3,147
monitored cases

6 EU countries

12 months

Roma-led monitoring

SENTIMENT IMBALANCE

41% negative

14% positive

Neutral often means **unchallenged**

WHERE HATE LIVES

Facebook + TikTok
as primary vectors

Visual formats dominate:
videos photos, memes

WHAT KIND OF HATE

Mockery, irony, dehumanisation
Crime narratives and social blame

New EU laws exist.
Impunity still rules online.

TAAO
TOGETHER AGAINST ANTIGYPSYISM ONLINE

REPORTING FAILURE

40 cases reported

2 positive outcomes

Silence as the **default** response

THE AI WARNING

Rise of **AI-generated hate content**

Memes and visuals harder to moderate

Roma communities hit **first, not last**

WHY ROMA-LED MONITORING MATTERS

Roma are not **just victims, but analysts**

Digital literacy as **resistance**

Evidence that **institutions** cannot **ignore**

WHAT MUST CHANGE

Policymakers: enforce the **DSA with antigypsyism** explicitly recognised

Platforms: invest in **culturally competent** moderation

Funders: support **Roma-led digital monitoring** and literacy

FULL REPORT WILL BE LAUNCHED IN **APRIL 2026** DURING THE **ROMA WEEK**
